Subject: Microsoft Settlement

Good Day:

Short and simple, I am a consumer. A consumer who has been harmed by Microsoft's monopoly in the form of inflated prices, lack of software choice and shoddy software produced by Microsoft. I join with the top Consumer organizations in America (Ralph Nader's Consumer Project on Technology, The Consumer Federation of America and Consumer's Union) in asking you to reject the proposed settlement as it does little to preserve real competition going forward and does nothing to punish Microsoft for their illegal past behaviors. Thank you for your consideration.

Respectfully,

Michael A. Crist
